

## 2013 Income Eligibility Limits

80% Median Annual Adjusted Gross Household Income Per Person

Low income homeowners are eligible to apply for a grant up to \$5000 and are not required to provide a matching grant. There grants must be used to retrofit single-family, owner-occupied residential properties, valued at \$150,000 or less, in order to make them less vulnerable to hurricane damage. For purposes of this item, "low income persons" means one or more natural persons or a family, the total annual adjusted gross household income of which does not exceed 80% of the median annual adjusted gross income for households within the county in which the person or family resides.
